Haircuts

Short style cut \$20

This haircut is a short style that blends different cutting techniques to create a modern, textured look. We'll be combining graduation, layers, and possibly some tapering to suit your face shape and hair type.

Long layered haircut \$20

This cut is for those who want to maintain length past the shoulders with layers added throughout. These can be subtle or dramatic, depending on the desired effect.

A feature of this cut is the face frame of soft layers.

Short layered cut \$20

This cut is for those who want soft texture. Because of the layering, the hair falls naturally and softly, with no harsh lines over the curve of the head shape.

Versatile styling: It can be styled sleek and smooth or tousled for a more casual look.

Solid one length cut \$20

This cut is for those who want a blunt cut. A classic clean straight cut across the bottom length - above or below shoulder.

Graduated bob cut \$20

A graduated bob is a classic and versatile haircut where the hair is cut shorter in the back and gradually gets longer toward the front. The "graduation" refers to the stacked layers at the back, which create a rounded shape and add volume.

Mens style cut \$20

Men's haircutting includes a wide range of styles - from classic and traditional to modern and creative - depending on hair type, face shape, and personal preference.

Clipper cut \$15

A clipper cut is a very short haircut where clippers are used over the entire head to create an even, tidy style.
