

For program commencements from previous collection years that **continue into 2026**, you should continue reporting activity against the **original Funding Source Identifier**. Do this until the student completes or withdraws from their training, even if the code is no longer listed in this supplement.

This document is published annually therefore where any of it's content conflicts with your current contract or latest contract notification, please except the later as the source of truth.

Funding Source Identifier - State Training Authority	Description	Enrolment Type	Additional Information	Funding Source - National code	Valid for Program enrolments commencing in 2026?	End Date - no new Program commencements after:
