

## Live like the locals do and explore the many natural wonders of this regional paradise.

Combining over 50 years of teaching excellence with a commitment to making a positive impact to the lives of others, Federation University Australia's Gippsland Campus offers the best of regional living – a welcoming community, innovative learning environment and excellent research facilities.

### Campus facilities

At Gippsland Campus, you'll find fully equipped laboratories and simulation spaces designed to bring your studies to life. From nursing wards that feel just like real hospitals, to specialist labs and consulting rooms for science, allied health and research, you'll gain practical experience in safe, supportive environments before stepping into the workplace.

Beyond the classroom, you'll have everything you need to succeed. The campus is home to an impressive library and study centre, computing labs, fitness and recreation facilities, and a wide range of dedicated support services.

### Discover Gippsland

Peace and nature with a side of adventure – Gippsland Campus is your gateway to everything Eastern Victoria has to offer.

Located two hours east of Melbourne, you'll discover the campus spread over 60 hectares of picturesque grounds in the regional town of Churchill. Sit in the outdoor amphitheatre watching the sunset, and you may even catch a kangaroo or two hopping across the campus.

If you're someone who loves the outdoors, then you're in luck. The Gippsland region boasts many fun activities such as fishing, hiking, canoeing, swimming, rock climbing, skiing and more. Take new friends, go with a local group or explore on your own – the opportunities are endless.

Gippsland students can also benefit from an attractive range of government incentives, including the opportunity for graduates to stay up to an extended 2 years thanks to the Second Post-Higher Education Work stream.

## Community and industry engagement

Paid work placements in your chosen industry are integrated into many Federation courses with our Co-operative education model (Co-op).

Thanks to our established **collaborative industry partnerships** and **dedicated research centres**, students benefit from boosted employment opportunities in the region.

- Future Regions Research Centre (FRRC)
- Geotechnical and Hydrogeological Engineering Research Group (GHERG)
- Morwell Innovation Centre
- The Carbon Technology Research Centre (CTRC).

India, Bachelor of Nursing

“The serene environment of Gippsland, with its lush landscapes and peaceful lakes, creates an ideal setting for academic and personal growth. Federation University's small class sizes enhance the learning experience, while the unique rural setting, including moments like encountering kangaroos on campus walks, makes every day memorable and enriching.”

## Study options

Work for industry, in the local community, or do both with over 50 courses commencing at the Gippsland Campus each year. Visit our website to explore them all. ➡

Some of the courses available at our Gippsland Campus include:

“I initially chose Federation's Gippsland Campus because I have family living nearby, but I quickly saw that the teaching quality is great. When I started, I'd only been in Australia a week, but the university staff really welcomed me and made me feel quickly at home. I can't stop telling people about the excellent student support..”
